After your initial fitting, you will have annual eye health exams to maintain your contact lens prescription. The contact lens portion of your exam is not covered by your regular health insurance though, a portion of your annual fee could be covered by your separate vision plan. Contacts are deemed cosmetic and therefore not medically necessary. This fee covers the costs of the extra testing required to update your contact lens prescription.

- **Contact Lens Prescription:**

Your prescription is valid for one year from the date of your Annual Eye Exam/Contact Lens Exam. Therefore, your contact lens prescription will **Expire** on the same day exactly one year from the date that you had your Annual Eye Exam.

- **Contact Lens Ordering:**

We work with a courier service that delivers most contact lens prescriptions to our office overnight if ordered prior to 5:00pm. Please call our office to order your contacts. We offer **FREE** direct shipping to our patients on any Annual supply of contacts and will price match most brands with 1-800-contacts. Rebates are offered on most brands for Annual supplies only. Please note that any custom or specialty lenses could take a few days to a few weeks longer as we wait for them to manufacture the lenses.

All fitting fees and open balances must be paid in full before we release your finalized contact lens prescription.

Any prescription recheck over 3 months is subject to a **\$60.00 fee**.

All contact lens services are Non-Refundable. Colored contacts are non-returnable and non-refundable.

Our staff will be happy to explain this process in further detail if you wish. We understand that fees can sometimes be confusing and we are hoping to make this process as simple as possible.
